PURCHASING FULL FONT(S) & LICENSING

I no longer sell my fonts myself - instead you can buy them from several professional font websites like myfonts.com or fontspring.com
On my site www.hanodedfonts.com you will find links to these and other sites. Just choose where you would like to purchase the font(s) of your choice from and click on the link. If you have any licensing questions, please contact customer support of the site you want to buy my fonts from. Do NOT contact me about licensing questions.

Freebies

The demo versions of my fonts are free for PERSONAL, NON COMMERCIAL use only. For example: you have a school project and want to use my font for the title or you want to send your grandma a handmade birthday card.

I get a lot of mails from people who try to worm their way out of buying a license by telling me that their internet shop is ‘small’, or they are ‘not likely’ making money on a commercial venture. Well, boohoo, tough break, get a fucking license and stop begging. If you don’t like it, then make your own fonts.

And please, DO NOT CONTACT ME ABOUT HOW TO INSTALL A FONT. You will find lots and lots of instructions and how to's on dafont.com and fontspace.com
